

INDUS- INDUSTRIAL TRIAL

The *felton*[®]

Federlite Sdn. Bhd., operating under the established Felton brand, stands as a premier manufacturer and wholesaler of high-quality, functional, and durable plastic products. Since its inception, the company has dedicated itself to setting industry standards through relentless innovation and a commitment to quality.

Vision

To enrich lives with sustainable and functional plastic products, delivering quality and innovation while caring for the environment.

Mision

To be a regional leader in the plastic manufacturing industry, recognized for quality, sustainability, and innovation.

Over 40 years

Proven expertise as a leading manufacturer and wholesaler of high-quality plastic products.

Excellence R&D team

Focuses on creating products with superior functionality, durability, and aesthetics.

Comprehensive Products

Trusted regionally for delivering innovative, high-performance plastic solutions.

Commitment to Sustainability

Balancing cutting-edge quality with an active, unyielding commitment to environmental care

SCALE. **STRENGTH.**

Our commitment to high-grade materials and precision engineering ensures that from the floor to the rafters, your operations are supported by the gold standard in industrial solutions.

Efficiency & Value

International Compliance (ISPM-15)

Meets global standards for trade packaging, avoiding required wood treatments.

Treatment-Free

No heat treatment or chemical fumigation is needed, simplifying logistics.

Renewable Material

When finally retired, the pallets are 100% recyclable, supporting a robust circular economy model.

Economical & Practical

Light Weight and Cost Effective for efficient shipping and reduced expenses.

Pest-Proof

Naturally pest-free, preventing contamination of goods.

The Core Features

Advanced Material Engineering

Built from durable, 100% recyclable polymers. Whether it's a heavy-duty pallet or a food-safe tray, our materials ensure a long service life and a lower carbon footprint.

Space & Logistical Intelligence

Precision-engineered for stacking and nesting. Maximize your storage and transport efficiency from high-density warehouse racking to compact retail car trunks.

Hygienic & Ergonomic Design

Smooth, non-porous surfaces allow for rapid sanitization (essential for food-grade use), while integrated handles and lightweight profiles ensure safe, easy manual handling.

Multi-Sector Versatility

One range, endless applications. Our products are designed to integrate seamlessly into automated industrial lines, professional kitchens, and home gardening alike.

SECTION 3

Plastic Pallets

The Felton Industrial Plastic Pallet is the robust, high-performance solution for demanding industrial logistics and warehousing. Constructed from high-density, non-porous material, this pallet ensures maximum load stability and safety within racking systems and during transport.
